Subject: Requisition of workstation for INSPIRE Project

As a part of the INSPIRE Project, I have developed a research-laboratory and have to send annual research-progress report to DST. For this, all the equipment, glass wares and chemicals, which I have bought for the project at my previous Institute NIT JSR, have been brought to the college five months before. However, I am eagerly waiting for a suitable space with water and electric facilities to established a research-laboratory. In addition to the experimental laboratory, I am also trying to establish a computational research Laboratory. In this regard, I have to procure to the following list of items which are essential for set-up a computational research lab.

Sl. No.	Configuration Description for Precision 5820 Tower	Price (Rs.)
1	Intel Xeon W-2125 (4.0GHz, 4.5GHz Turbo, 4C, 8.25MB Cache, HT, (120W)) DDR4-2666 Windows 10 Pro for Workstation 16GB (2x8GB) 2666MHz RDIMM ECC 2TB 7200RPM 3.5 SATA Hard Drive	2,00,000.00
2	Gaussain 16	2,20,000.00
	Total	4,20,000.00

Principal, Ramnagar College, may be requested for approval of the above-mentioned budget to set-up a computational research lab. for INSPIRE Project.
