### **Tender Notice**

**Dear Suppliers,**

This is to bring to your kind information that a quotation is invited for the purchase of following chemicals, reagents and instruments. The last date of the submission of quotation is 4<sup>th</sup> May, 2019. The quotation should indicate the name of the company with special specifications of the materials. The quotation should reach in the dept. of Physiology within 4<sup>th</sup> May, 2019.

Principal  
Ramnagar College

(Dr. Balaram Das)  
HOD, Dept. of Physiology  
Ramnagar College

### List of Chemicals

| Sl. No | Name of Chemicals               | Company                  |
|--------|---------------------------------|--------------------------|
| 1      | Leishman stain                  | Merck                    |
| 2      | Methylene Blue                  | Merck                    |
| 3      | Sudan( iii)&(iv)                | Merck                    |
| 4      | Permanent slide (Histological)  | Good quality             |
| 5      | Ethyl Alcohol                   | China                    |
| 6      | Albumin                         | Merck                    |
| 7      | Distil water                    | ---                      |
| 8      | Litmus(red & blue)              | Merck                    |
| 9      | Benedict Quantitative reagent   | Merck                    |
| 10     | Eosin                           | Merck                    |
| 11     | Haematoxilline                  | Merck                    |
| 12     | Paraffin                        | Merck                    |
| 13     | Gala                            | ----                     |
| 14     | Rectified Spirit                | -----                    |
| 15     | Nutrient Agar                   | Himedia                  |
| 16     | Nutrient Broth                  | Himedia                  |
| 17     | Chloroform                      | Merck                    |
| 18     | Xylene                          | Merck                    |
| 19     | Picric acid                     | Merck/SRL/Himedia        |
| 20     | Formaldehyde                    | Merck                    |
| 21     | Adrenalin Solution              | Merck/SRL/Himedia/others |
| 22     | Acetyl choline                  | Merck/SRL/Himedia/others |
| 23     | Unstain slide (ovary)           | -----                    |
| 24     | Dextrose                        | Merck/SRL                |
| 25     | Antibiotics dust                | Himedia                  |
| 26     | AgNO <sub>3</sub>               | Merck/SRL/Himedia        |
| 27     | CuCl <sub>2</sub>               | Merck/SRL/Himedia        |
| 28     | Luria Broth                     | Himedia                  |
| 29     | Di Methyl Sulphoxide (DMSO)     | Himedia                  |
| 30     | Crystal violet                  | Merck/SRL/Himedia        |
| 31     | MTT reagent                     | Merck/SRL/Himedia        |
| 32     | KH <sub>2</sub> PO <sub>4</sub> | Merck                    |
| 33     | K <sub>2</sub> HPO <sub>4</sub> | Merck                    |
| 34     |                                 |                          |

### **List of Lab. Apparatus & Instruments**

| Sl. No | Name of Instruments                           | Company                             |
|--------|---|-------------------------------------|
| 1      | Sphygmomanometer With Stethoscope             | Doctor's                            |
| 2      | Hemoglobino meter                             | Marienfeld                          |
| 3      | Blood Grouping kit                            | Arkray Healthcare/ Span Diagnostics |
| 4      | Noise Meter (with specifications)             | Standard quality                    |
| 5      | Burette (25 ml)                               | Borosil                             |
| 6      | Cotton Absorbent+ Non absorbent               | Standard quality                    |
| 7      | Dales Appears                                 | Standard quality                    |
| 8      | Canulla                                       | Borosil                             |
| 9      | Perfusion set                                 | Standard quality                    |
| 10     | Perfusion Rubber Tube                         | Standard quality                    |
| 11     | Capillary Tube                                | Standard quality                    |
| 12     | Pipette Stand                                 | Standard quality                    |
| 14     | Test tube 10ml (Borosil)                      | Borosil                             |
| 15     | Test tube 5ml (Borosil)                       | Borosil                             |
| 16     | Dropper                                       | Standard quality                    |
| 17     | Conical flask (50ml)                          | Borosil                             |
| 18     | Funnel (plastic)                              | Standard quality                    |
| 19     | Volumetric Flask (100ml)                      | Borosil                             |
| 20     | Kymograph Drum Paper                          | Standard quality                    |
| 21     | Petri plate (50 ml)                           | Borosil                             |
| 22     | UV spectrophotometer (with specifications)    | Shimadzu/ Hitachi (both)            |
| 23     | Dropping bottle (Plastic)                     | Standard quality                    |
| 24     | Coupling jar                                  | Borosil                             |
| 25     | Laminar Airflow Cabinet (with specifications) | Klenzaid/ other                     |
